

- The Free Flickr account allows for 1000 images to be uploaded - This will be fine for the class - You will have ads.

- The Pro Account is unlimited photos - No Ads.

*After exploring Flickr and playing with it again, I decided to pay for the pro account.*

- Please add a profile pic and use your real name so everyone knows who you are.

We have a **Las Vegas Document Flickr Group:**

- Each week you will add your 10 images for all to see.

- Everyone is required to make comments on photos. A minimum of 1 comment for each class members series of 10 images.

<https://www.flickr.com/groups/14798647@N25/>

-I will need to send you an invite to the group after you sign up for Flickr. So hop in it ASAP.

- You must submit your Flickr album URL each week in Canvas for credit.

- You will create an album each week with your 10 selected images from the weeks shoot. Please do not add extras images to the 10. But you can create a 2nd album for the extras or to manage your shoot from the week. These albums live on your Flickr page. All of your images uploaded to Flickr live in your photostream. If you delete an image from your photo stream it is deleted from the album and the groups.

- For class do not delete any images you want graded. These must stay live all semester.

- All uploaded images must be saved as a jpg - Quality High or 10.

- Upload original size of capture, no downsized images.

Small cropping is acceptable - Shoot to fill the frame.

- Follow me and I will follow you. I recommend you follow each other.
